

The Cellar Project is within walking distance of both Shipley and Saltaire railway stations and a few yards from the major A650 bus routes between Keighley, Bingley, Bradford and Leeds. Shipley bus station also has connections across the district as far afield as the towns of Otley, Ilkley and Harrogate.

The Cellar Project

Please bear in mind that, just like everywhere else in Saltaire, parking is a problem. There is only a limited amount of parking space on site and on the Project side of Farfield Road.

There is however a large public car park nearby, opposite Shipley Swimming Pool in St. Paul's Road.

Do consider using the bus or train.

We are well served by public transport.

Buses stop at the end of Farfield Road on the A650 and, during the day, run every 10 minutes between Keighley and Bradford on the 662 Shuttle route.

Trains run along the Airedale Line between Leeds, Skipton and Bradford every 15 minutes stopping at both Shipley and Saltaire stations.
